Madrid, 20 July 2026.- Correos is joining the celebration of the Spanish national football team's historic victory at the **2026 FIFA World Cup** with the release of a special commemorative stamp dedicated to the world champions. This initiative pays tribute to the players, coaching staff and fans who supported Spain throughout a journey that has now become **part of world sporting history**.

Sixteen years after the unforgettable night in Johannesburg, when Spain lifted the World Cup for the first time at South Africa 2010, **the national team has added a second star to its crest**, further cementing its legacy in international football. This achievement has inspired millions of people both in Spain and abroad, and Correos aims to preserve this landmark moment in the nation's collective memory through this philatelic issue.

The commemorative stamp **symbolises the pride of a nation once again celebrating a world title** and creates a bridge between two historic

generations: the team that conquered the world in 2010 and the one that has done so again in 2026. Two milestones separated by more than a decade, yet united by the same values of talent, dedication, commitment and team spirit.

With this stamp, Correos seeks to immortalise one of the most memorable moments for millions of Spaniards. **Philately thus becomes a witness to a historic event**, one that transcends sport and becomes part of the shared heritage of an entire generation.
